

## Safety Message of the Day for IMEA Members

### **BE AWARE OF YOUR SURROUNDINGS SAFETY MESSAGE**

Every job site has inherent dangers — whether that's heavy machinery, conveyor belts, or even tripping over items in the office. The best way to keep yourself and others safe is to identify the hazards in your workplace and be aware of your surroundings. The more familiar you are with your tasks and workplace, the more aware you'll be of the potential hazards. Knowing your surroundings and potential hazards will help you and your co-workers identify how to minimize the risk and avoid workplace injuries.
