

Journeyman Lineman Job Posting

Job Title: Journeyman Lineman

Location: Garrett, IN

Company: Garrett Electric

Job Type: Full-Time

Job Summary

Garrett Electric is seeking a skilled and safety-focused Journeyman Lineman to join our team. The ideal candidate will have experience in overhead and underground electrical distribution systems, troubleshooting outages, installing and maintaining power lines, and working safely in all weather conditions.

Responsibilities

The Journeyman Lineman plays a key role in building, maintaining and troubleshooting Garrett's electric distribution system. This position involves working on energized and de-energized lines, responding to outages, operating heavy equipment and ensuring the safety of the public and your crew

- Install, maintain, and repair overhead and underground power lines
- Climb poles and work from bucket trucks and elevated platforms
- Operate line equipment and tools safely
- Troubleshoot outages and restore service efficiently
- Read and interpret staking sheets, maps, and switching orders
- Perform hot line work
- Mentor and direct apprentices and support crew members as needed
- Ensure compliance with OSHA and company safety standards
- Participate in emergency storm restoration and on-call rotations
- Interact professionally with co-workers during planned work and outage situations

Qualifications

- High school diploma or equivalent
- Completion of an approved line apprenticeship program with on-the-job training hours
- Valid Indiana Class B Commercial Driver's License (Class B CDL)
- Minimum of three years as a Journeyman Lineman in electric utility operations, including distribution system construction and maintenance
- Knowledge of electrical distribution and transmission systems
- Ability to work at heights and in all weather conditions
- Strong commitment to workplace safety
- Ability to travel and work overtime as needed

Benefits

- Health, dental, and vision insurance
- Retirement plan / PERF
- Paid time off and holidays
- Company-provided safety equipment

Schedule

- 8 hr. shift 7:00 am – 3:30 pm
- Overtime available
- On-call / storm response as needed
