

Safety Message of the Day for IMEA Members

Take Ownership

“It’s not my job” is a dangerous attitude.

If you see something unsafe, it becomes your business. Maybe a ground is questionable, the work zone needs attention, somebody missed a step, or something simply doesn’t look right.

Don't stand back and complain about who should have handled it. Speak up. Ask the question. Stop the job if necessary. Help make it right. At the end of the day, we all own the safety of this crew.

Takeaway: Don’t wait for somebody else to make it safe.
